PUBLIC NOTICE

FLORIDA POWER & LIGHT TO UPGRADE POWER LINES

To improve service reliability, Florida Power & Light plans to start a project this week upgrading the Town's main power lines.

Work will take place between June 2017 and March 2018.

FP& L crews will be working in the area bounded by **Pine Avenue** to the north, **Commercial Boulevard** to the south; **El Mar Drive** to the east and **Federal Highway** in Fort Lauderdale to the west.

The power company said it will do everything possible to keep power interruptions to a minimum. Should an extended outage become necessary, FP& L said it will notify affected customers ahead of time.

If you have questions, call **1-800-693-3267**, Monday thru Friday between 9AM & 5PM. The project to refer to is **Holy Cross Storm Secure, WR5788503**.

The construction permit is also on file in the Town's **Building Department**. To request a copy, send an e-mail to **cwaterval@capfla.com**.
